# Personal Space Practice

## Social skills

about one arm's length

### The basic rule:

Stay about one arm's length away from someone unless they invite you closer family hugs and quick high-fives are different!

### Signs someone might need more space:

- They step back or lean away
- They look away or avoid eye contact
- They say "back up" or "give me room"
- Their arms cross or their body turns away

### Practice round

Who I practiced with: \_\_\_\_\_

### How did it go?

- ☐ Easy!                      ☐ A little tricky                      ☐ Forgot this time
