Obtain Marks: _____

Addition (sums 50 or less)

It is birthday time! Leo and Mia receive a lot of presents and it is time to unwrap them.

1. There are two stacks of presents for Leo and Mia. There are 16 presents in one stack and 12 in another stack. How many presents in total are there?
2. Leo unwrapped two boxes of blocks. There are 20 blocks in each of the boxes. How many blocks are there in total?
3. Leo receives a box of toy cars. It comes with 15 toy cars. He already had 8 of them. How many toy cars does he have now?
